The Ohio State University is the owner of U.S. Patent No. 5,633,859
entitled "Method and Apparatus for Congestion Management in Computer
Networks Using Explicit Rate Indication," issued May 27, 1997.

The Ohio State University hereby declares that it is prepared to
license its patents which are necessary to manufacture and sell
implementations using the algorithms covered by the patents which
have been discussed in the ATM Forum Traffic Management Technical
committee. The license will be granted to an unlimited number of
applicants on a non-exclusive basis and on   non-discriminatory
throughout the world under reasonable terms and conditions.

Any application for a license under the Patent pursuant to this
Patent Statement should be made to:

Raj Jain
Professor of Computer and Information Science
The Ohio State University
2015 Neil Avenue, DL 297
Columbus, OH 43210-1277
